MAIN CONTENTS

Principle of Confidentiality and Therapeutic Relationship in Psychotherapy: A Discussion Based on Theory of “Closing Windows and Doors” and “Satisfying Patients’ Wills” .......................................................... TAN Meng, FENG Ye, ZHANG Bo-hua (6)

Efficacy of Shenqi Pingchuan Granules in Treatment of Chronic Obstructive Pulmonary Disease in Remission Stage ............................................. WANG Shi-han, XU You-zhi, GUO Hong-bing, et al (30)

Effects of Moxibustion at Feishu and Xinshu on Ventricular Mass Index and Myocardial mRNA Expression of Tumor Necrosis Factor-α and Interleukin-6 in Rats with Chronic Heart Failure ............................................................... WANG Jing, ZENG Yong-wei, WU Feng-qin, et al (48)

Diagnostic Value of Meridian Measurement by Conductometry Based on Meridian Balance for Chronic Kidney Disease ................................................. HUANG Li, DAI Hong, LI Pan-pun, et al (51)

Effects of Xingqi Tiaoshen Acupuncture Therapy on mRNA Expression of cAMP Response Element-Binding Protein and Phosphodiesterase 4 in Left Frontal Cortex and Hippocampus among Rats with Ischemic Post-Stroke Depression .............................................. CUI Qian-qian, CAI Sheng-chao, CAO Yun-yan, et al (55)

Clinical Effect of Ozone Injection at Yaotu Point in Treatment of Lumbar Disc Herniation: An Electromyographic Analysis ............................................. ZHANG Zhao-ying, LI Wei, XIA Yang, et al (59)

Effects of Qi-tonifying, Detoxicating, and Stasis-resolving Prescription on Serum Interleukin-23 and Interleukin-10 Levels in Rats with Ulcerative Colitis ................................... CHENG Xue, ZHA An-sheng (65)

Effects of Huangpu Tongqiao Capsule on Behavioral Manifestation and Pathological Changes in Hippocampal CA1 Region among Rats with Vascular Dementia ................................................................. WANG Yan, XIE Dao-jun, BAO Yuan-cheng, et al (69)

Observation of Growth Process of Corydalos yanhusuo Tubers ....................................................... HU Ke, WEI Jia-yu (78)

Chemical Constituents from Sporophore of Tricholoma giganteum Masseae ........................................................................................................ SUN Cheng-liang, LI Zheng-hui, FENG Tao, et al (81)

Identification of Microscopic Characteristics of Semen Hyoscyami and Its Adulterants ............................................................................................................ YANG Qin-shan, WU Qiu-fang, YAO Qiang, et al (89)
